Dear Colleagues,

it is our great pleasure to introduce the second international BBB Symposium on guided tissue regeneration. The unique venue of the Agenzia Hotel in Pollenzo will host a full day of lectures dedicated to the most advanced techniques and materials for GBR, held by a group of researchers and clinicians that have dedicated their professional life to these fascinating topics.

There is a great and growing need to treat periodontal defects, as well as to restore adequate bone volume before or in implant treatment. In parallel, patients have high expectations regarding function, esthetics, rehabilitation time and operative discomfort.

How can we and do we respond to all these requirements? As P.I. Brånemark always taught us: “by respecting mother nature” which is the ultimate challenge in the treatment of our patients.

This challenge comprises to develop biomaterials and surgical techniques that allow neovascularisation in the grafted area, cells to rapidly form new bone on and within surfaces that mimic autogenous bone, and, finally, by stimulating osteoclastic resorption and consequent progressive replacement of the scaffold with newly formed bone.

Furthermore, an extremely interesting frontier is the search for valid alternatives to connective tissue grafts as soft tissue augmentation can and will help surgeons to expand and improve clinical performance, both in implant dentistry and periodontology.

We welcome you therefore to join this event, which goes beyond the specific issues related to bone and biomaterials, with the ambition to provide a comprehensive perspective for oral rehabilitation of our patients, deriving from research, long term clinical experience and passion for our profession.

See you in Alba!

Ulf Nannmark | Chairman
Antonio Barone | Scientific Coordinator
**Friday 13th May 2016**

14,00 - 17,30 WORKSHOP  
The biological way of bone augmentation  
Prof. H. Wachtel

14,00 - 17,30 WORKSHOP  
Soft & hard tissue augmentation with Derma  
Dr. K. Fischer, Prof. A. Murillo

Welcome cocktail and Gala dinner  
Starting from 19,30 (see p. 7 for details)

**Saturday 14th May 2016**

SYMPOSIUM MORNING SESSION  
Moderator: Dr. R. Rossi

09,00 - 09,45  
Angiogenic and osteogenic potential of xenogenic bone filling materials  
Prof. I. About

09,45 - 10,30  
Biomaterials, is there room for improvement?  
Prof. A. Piattelli, Prof. O. Trubiani

10,30 - 11,15  
Periodontal regeneration: up-to-date treatment modalities  
Prof. M. Esposito, Dr. M. G. Grusovin

11,15 - 11,45 Coffee break

11,45 - 12,15 How to take the scientific principles of bone augmentation into clinical practice  
Prof. A. Barone, Prof. G. Iezzi

12,15 - 12,45 The Multi-Layer Technique: immediate implant restoration with simultaneous hard and soft tissue augmentation  
Prof. H. Wachtel

12,45 - 13,15 The Bone Lamina Technique for predictable bone management in the anterior zone  
Dr. A. Happe

13,15 – 14,30 Lunch

**SYMPOSIUM AFTERNOON SESSION**  
Moderator: Prof. T. Testori

14,30 - 15,15 Soft tissue augmentation with autogenous and xenogenic grafts  
Dr. S. Fickl

15,15 – 16,15 State of the art in sinus augmentation - from routine treatment to complications management  
Prof. Z. Mazor, Dr. P. Martegani

16,15 - 16,30 Coffee break

16,30 – 17,15 Treatment of extreme cases  
Dr. P. Palacci

17,15 – 18,00 Use of heterologous collagenated bone block to augment the posterior atrophic mandible  
Dr. P. Felice, Dr. R. Pistilli

Language: 🇬🇧  
Translation for Symposium lectures only: 🇫🇷️✨ 🇪🇸️✨ 🇷🇺️✨
Speakers

Imad ABOUT
Professor Imad About obtained a PhD in biochemistry from Aix-Marseille University. He is researcher at “Institut des Sciences du Mouvement” and professor at Aix-Marseille University. Imad About is responsible of the research laboratory at the faculty of dentistry, Marseille. His research group is involved in investigating tissue regeneration and the development of biomaterials. He published about 170 peer reviewed papers, abstracts and book chapters. He is well-recognized expert in pulp tissue regeneration and acts as reviewer and editorial board member of leading journals in the scientific and dental fields. He is renowned speaker on pulp stem cells and the effect of biomaterials on tissue regeneration.

Antonio BARONE
Doctor of Dentistry and Dental Surgery, Doctor of Philosophy in Dental Sciences. European Master in Oral Medicine and Surgery, University of Toulouse, France. Clinical Professor, School of Dentistry, University of Pisa, Italy. Clinical Assistant Professor Department of Oral and Maxillofacial Surgery, State University of New York at Buffalo, USA. Visiting Assistant Professor Department of Periodontology, State University of New York at Stony Brook, USA. President of European Federation of Oral Surgery Societies (EFOSS). Past President of the Italian Society of Oral Surgery and Implantology (SICOI).

Marco ESPOSITO
is a freelance researcher in dental implantology and periodontology and is Editor in Chief of the European Journal of Oral Implantology (EJOI), Associate Editor of the Cochrane Oral Health Group, Scientific Editor of the Rivista Italiana di Stomatologia (RIS), Associate Professor in Biomaterials at the University of Göteborg in Sweden and President of the British Academy of Implant and Restorative Dentistry since 2012. He was awarded a PhD in Biomaterials from the University of Göteborg in 1999. He is a specialist in Periodontics (UK) and he authored more than 200 scientific publications in international peer-reviewed journals and chapters of books and more than 400 national and international presentations and courses.

Pietro FELICE
Dr Pietro Felice graduated in dentistry (1998) and medicine (2002) at the University of Bologna. Since 2006 he has been a lecturer in the Master course on Periodontics and Implantology at the Department of Odontomato-logical Sciences, University of Bologna. In 2009 he was awarded his Ph.D in Maxillofacial and Dermatological Reconstructive Sciences at the Maxillofacial and Oral Surgery Unit of Bologna University. Dr Felice has published articles in international peer-reviewed journals and serves on the editorial board of the European Journal of Oral Implantology and the Cochrane Collaboration. He works in private practice limited to reconstructive preprosthetic surgery and implantology.

Stefan FICKL
Dental degree at University Erlangen, Germany, in 2003. Doctor Thesis in 2004 and then Postgraduate Education in Periodontology and Implant Dentistry at the Institute of Periodontology and Implantology (IPI), Munich, Germany (2004-2007). Assistant Professor in the Department of Periodontology and Implant Dentistry (Chair: Dr. Dennis Tarnow) at New York University, New York, USA (2007-2009). Since 2009 Associate Professor in the Department of Periodontology, University of Würzburg, Germany. Habilitation (Privat-Dozent) and Venia legendi in 2011. Dr. Fickl is part of the editorial board of various dental journals, international speaker in the field of Periodontology and Implant Dentistry and author of more than 50 publications and book chapters.

Kai FISCHER
Dr. Fischer graduated in dentistry in 2009 and received his title “Dr.med.dent” in 2011. Between 2010-2012, he was working as a Clinical Assistant Professor at the Department of Periodontology, University of Wuerzburg (Germany), where he obtained further training in periodontology and implant dentistry. In 2013, he became a Specialist in Periodontics of the German Society of Periodontology (DGPParo). Currently, he is a Senior Clinical Lecturer at the Department for Periodontology, Witten/Herdecke University, and a Honorary Clinical Lecturer at the Periodontology Unit, UCL Eastman Dental Institute, London. Dr. Fischer has published in national and international peer-reviewed journals.

Maria Gabriella GRUSOVIN

Arndt HAPPE
Dr. Arndt Happe was born in 1969 in Münster, Germany. He graduated from the University of Münster, Germany as a Doctor for Dental Medicine in 1994. He spent 3 years as a resident for Professor Dr. Fouad Khoury at the private Clinic for Implantology and Esthetic Dentistry in Ölsberg and graduated for Oral Surgery in 1999. Since 1999 he established a renown Private & Referral Practice in Münster, treating Implant, Perio, Restorative and Esthetic Cases. He obtained an advanced degree in Implantology (2000) and Periodontology (2004) from the German Societies for Implantology and Periodontology respectively. Since 2010 he is a research fellow and external lecturer at the University of Cologne and in 2013 received his postdoctoral lecture Qualification and presently holds an Assistant Professorship from the same University.
Giovanna IEZZI
DDS degree at University of Chieti-Pescara, Italy. Specialist in Orthodontics. Doctor of Philosophy in Dental Sciences. Assistant Professor, University of Chieti. Lecturer at post-graduated courses in Implantology, and master courses in Implantology, international and national congresses. Editorial Board Member of Journal of Osseointegration. Peer Reviewer of several International Journals. Active member of American Academy of Osseointegration (AAO). She has published about 230 papers in international peer-reviewed journals and book chapters on implant dentistry and biomaterials.

Paolo MARTEGANI
Dr. Paolo Martegani graduated ‘cum laude’ in Dentistry at the Pavia University in 2000. He started his career as medical officer in the Italian Navy (2001-2002) at the La Spezia Hospital (Italy). He is now a private practitioner in Varese and Ardenno (Italy), limited to Periodontology, Implant dentistry and Prosthetic rehabilitation. He’s been active in teaching and research on topics related to Parodontology and Implantology. He is a member of the Italian academy of Prosthetic Dentistry (AIOP) and of the Italian Society of Periodontology (SIDP).

Ziv MAZOR
Prof. Ziv Mazor is one of Israel’s leading periodontists. He graduated from the periodontal department at the Hadassah School for Dental Medicine in Jerusalem. Since 1993, he has been engaged in clinical research in the field of Bone Augmentation and Sinus Floor Elevation. He is a renowned author in dental implantology and is known worldwide for his innovative approaches in cutting-edge procedures and technologies. He is a world known speaker, he is part of the continuing education faculty at the New York University and an Associate Professor at the Brånemark Osseointegration Center in Göteborg working in close collaboration with P-I Brånemark in developing different methods in OI rehabilitation. Since then he is working in private practice as well as developing methods for bone regeneration. He is the author of more than 100 scientific articles and book chapters and is both lecturing and giving courses all around the world.

Antonio MURILLO
Director of the Modular Course on Guided Bone Regeneration and Soft Tissue Management at the University of Lleida. Director of the Modular Course on Guided Bone Regeneration and Soft Tissue Management in Madrid. Periodontology Coordinator at the University Alfonso X, Madrid. Prof. at the Master of Implantology, University of Lleida. Prof. at the Master of Surgery, University of Salamanca. Prof. of the postgraduate course in implantology of SCOE. Prof. of the course “Implantologist SEI. Spanish Implant Society”. Prof. of the course on Clinical Implantology Course, University Complutense, Madrid. Guest Professor of the International Clinical Dental Group. Prof. of the Modular Course on Zimmer Implantology in Barcelona.

Ulf NANMARK
DDS degree at Göteborg University, Göteborg (Sweden) in 1985. He continued with research under the mentorship of professor Per-Ingvar Brånemark and defended his PhD thesis in 1992. The same year he became Senior lecturer (Docent) at the Göteborg University. Until 2004 he was appointed Associate professor at the Brånemark Osseointegration Center in Göteborg working in close collaboration with P-I Brånemark in developing different methods in OI rehabilitation. Since then he is working in private practice as well as developing methods for bone regeneration. He is the author of more than 100 scientific articles and book chapters and is both lecturing and giving courses all around the world.

Patrick PALACCI
DDS degree at Marseille University, (France) in 1975. Postgraduate education in periodontology (1977-1981) at Boston University where he was appointed as a visiting professor in 1982. Private practitioner in Marseille and head of Brånemark Osseointegration Center in Marseille, working in very tight relationship with Prof. Per-Ingvar Brånemark. Developer of several techniques in relation with optimal implant positioning, papilla regeneration technique and aesthetic implant dentistry. Author of numerous scientific articles and of two textbooks published by Quintessence. Dr. Palacci got the first NobelPharma Award in 1995.

Adriano PIATTELLI
Full Professor of Oral Pathology and Medicine at the Dental School, University of Chieti-Pescara (Italy). Dean and Director of Studies and Research from 1997 to 2009. In the years 2003-2005 he was President of the Italian Society of Osseointegration (S.I.O.). Member of the Academy of Osseointegration (AO), of the Board of the Journal of Oral Pathology and Medicine (1993-1999) and of Clinical Implant Dentistry and Related Research (2002-). Reviewer of international Journals, Prof. Piattelli has coauthored more than 600 papers in international peer-reviewed Journals. His main research interests have been immediate loading, bone response to different biomaterials and to human implants.

Roberto PISTILLI
1st level Medical Director at the School of Maxillo Facial Surgery of the San Filippo Neri Hospital, Rome. Adjunct Professor at the Faculty “G.D’Annunzio” of Chieti from 2007. Adjunct Professor at the Faculty “La Sapienza” of Rome from 2010. Adjunct Professor at the Faculty “Alma Mater Studiorum” of Bologna from 2011. Member of the scientific committee of the “International Journal of Osteointegration” and of the Editorial Board of the “European Journal of Oral Implantology”. He is author of over 70 publications on national and international scientific journals. For many years his main interests have been regenerative surgery of the maxilla and advanced implantology.
Speakers

Roberto ROSSI
Doctor of Dentistry at Genoa University. Master of Science in Periodontology at Boston University. He established his practice in Italy limited to Periodontology and Implant dentistry. Researcher on guided tissue regeneration, professor in the departments of Periodontology of different Italian Universities and professor at the Master in Periodontology programme at the University “La Sapienza” in Rome since 2000. Member of national and international associations, he is a lecturer and author of publications on peer reviewed magazines and co-author of the book Bone, Biomaterials and Beyond.

Tiziano TESTORI

Oriana TRUBIANI
Dr. Trubiani is currently Confirmed Assistant Professor in the Department of Dentistry, University of Chieti (Italy). Author of 68 articles published in International Journals with impact factor, and of 94 papers presented at national and international conferences on various research topics. Dr. Trubiani holds the research funds from the Department of Dentistry, University of Chieti. She also participates in research programs concerning the mechanisms of signal transduction during cellular differentiation funded by MURST, CNR, INRCA, AIRC, and FIRB. Dr. Trubiani is a member of the Editorial Board of the European Journal of Inflammation and is a referee in several other international journals.

Hannes WACHTEL
Dental degree at the University of Tübingen (Germany) in 1982. He followed the postgraduate program in prosthodontics at the University of Southern California (1982-83). He served as associate professor in the Department of Periodontology at the Free University of Berlin (1984-1994), receiving his Ph.D. (1992). Since 1994, he has a private clinic with Dr. Bolz devoted to periodontology, implantology, and restorative dentistry. In the editorial board of several journals, including Journal of clinical Periodontology, he is member of numerous dental societies, and has authored/co-authored over 100 scientific articles and book chapters. Currently, he is professor at the University of Berlin, and at the University of Gothenburg.

Workshop

Friday 13th May 2016 - Sala Blu
WORKSHOP PROGRAM

Dr. K. FISCHER, Prof. A. MURILLO

Soft and hard tissue augmentation with Derma

14,00 - 15,00 Do we still need connective tissue grafts?
15,00 - 15,30 Recession coverage with Derma
15,30 - 16,00 Coffee break
16,00 - 16,30 Live Management of bone deficit in extreme cases with dermal matrix: long term results
16,30 - 17,30 Hands-on: how to rebuild alveolar bone crests using Derma membranes - technical description
Friday 13th May 2016 - Sala Rosa
WORKSHOP PROGRAM

Prof. Hannes WACHTEL

The biological way of bone augmentation

14,00 - 15,00  The biological criteria for bone augmentation
15,00 - 15,30  The Bone Lamina Technique
15,30 - 16,00  Coffee break
16,00 - 16,30  Live demonstration of the Bone Lamina Technique
16,30 - 17,30  Clinical indication and complication management of the Bone Lamina Technique

Friday 13th May 2016 - Ristorante Garden @ Albergo Agenzia
EVENING PROGRAM

19,30  Welcome cocktail and appetizers
20,00  Gala dinner
   Assortment of Langhe delights

Credits: Serban Cristi
Langhe and Roero

The vineyard landscape of Langhe-Roero and Monferrato is an extraordinary and unique example of a cultural landscape derived from the interaction between Man and Nature over two thousand years, revolving around the culture of wine and its production chain.

UNESCO World Heritage List

The Langhe and Roero are located in the hilly countryside of southern Piedmont. The territory is rich in history, culture, castles and, above all, outstanding viticulture and wines that make these hills famous worldwide. The Tanaro River cuts through the territory, separating the Langhe from the Roero into two zones with unique characteristics.

The Langhe, positioned to the right of the river, has gently rolling hills cultivated with precision and attention to detail. This is the land of Barolo and Barbaresco, the area’s most famous wines made entirely from the Nebbiolo grape. The capital of the Langhe is Alba, a vibrant economic and cultural center.

To the left of the river, the Roero presents a sharper, more irregular horizon. Among the vineyards, forests, orchards and cornfields, the bare Rocks of the Roero jut into view with their pinnacles and rovines hundreds of meters deep. The Roero produces great wines as well, such as white Roero Arneis and red Roero. Its capital is the town of Bra, the birthplace of the Slow Food movement.

The Langhe and Roero culture has developed an outstanding level of cuisine to match its excellent wines. Today, numerous Michelin starred chefs have founded their restaurants in the area.

For its scenic beauty, history, and profound wine culture, in 2014 UNESCO recognized the Langhe and Roero as a World Heritage Site, making it the 50th UNESCO site in Italy.
The Albergo dell’Agenzia arises from the idea of Slow Food and it is particularly suggested for the persons who are looking for the pleasure of good taste and unusual but surely welcoming and charming location. The 4-star Albergo dell’Agenzia hotel is situated in the beautiful restructured neo-Gothic country estate of King Carlo Alberto of Savoy. The site also comprises the University of Gastronomic Sciences and the Wine Bank. The hotel itself welcomes guests to Pollenzo in an atmosphere that is once warm, friendly and why not smart. Located few kilometres from Alba, between two unique beautiful regions such as Langhe and Roero - UNESCO world heritage site - this 4 star hotel has 44 rooms and 3 suites with all comforts and facilities. Restaurant, bar, fitness outdoor swimming pool, private parking, meeting room able to accommodate up to 200 people. A two-hectares park and the Cherasco Golf Club only a few minutes away complete this prestigious hotel offer.

Langhe inspired paintings from the “Flying painter” Gianni Gaschino will be exhibited at Hotel Agenzia during the Symposium www.giannigaschino.com
Hotel Castello di Santa Vittoria****

Amidst the walls of an old castle, the hotel and areas given over to hospitality offer a peaceful setting which has recently been completely refurbished. The terrace with a view over the Roero and Langhe, the pool, the old tower and the panorama stir the imagination and take us back in time. Castello di Santa Vittoria has a modern design with predominantly white colour schemes and wood floors. Rooms and suites are spacious and comfortable, with free Wi-Fi, LCD TVs and a minibar. A continental breakfast is served each morning in a dining room that overlooks the swimming pool and surrounding garden. The restaurant “Al Castello” offers traditional dishes from Piedmont. Local wines and food can be tried and bought in the lobby gastronomic exhibition.

Hotel Cantine Ascheri****

The Ascheri 4-star hotel with its little unusual curiosities conjures up dreamlike countries while making you experience the thrill of being so near the Langhe and Roero Hills. A large hall with a gallery housing a thematic library, a lounge bar, a sundeck decorated with wild vines, 27 rooms among which 4 jr suites and 2 suites: everything has been taken care of with taste and style in its minutest details. Also our breakfast buffet wakes our guests up to absolute pleasure as they will be able to enjoy the area’s best food and wine products. Wine enthusiasts will find selected Ascheri products in the family cellar.
The Hotel Langhe Cherasco is an ideal base for visiting the Langhe, Alba, Bra and Piedmont’s numerous small medieval villages, and to taste the local food accompanied by some of Italy’s best and most famous wines. Free WiFi connection is available throughout the hotel and the 84 spacious, sound-proofed rooms are ideal for groups and families.

An historical mansion transformed into an intimate hotel in order to realize an extraordinarily harmonious and peaceful setting where guests can recover the flavour and the charm of antique atmosphere and, at the same time, enjoy all the modern comforts. La Corte Albertina overlooks the village square realized by Charles Albert of Savoy. Located in Pollenzo, between Alba and Bra, the land of great wines and refined cooking. The hotel offers three types of room. Each one is pretty and comfortable, with antique furniture and curtains which evoke the 19th-century style. All rooms are equipped with TV, Internet wireless connection, direct telephone, mini bar, safe.

Guided Visits

Saturday 14th May from 10 AM to 6 PM
The Tours are a great opportunity to enjoy and appreciate the landscape of the “Langa of Barolo”, belonging, since 2014, to the UNESCO World Heritage Site called “Vineyard Landscape of Piedmont: Langhe-Roero and Monferrato”.

ITINERARY 1 “The Langhe and its great wines”
10.00 AM: Meeting with the driver and the tour guide at the parking of the “Albergo dell’Agenzia”.

PROGRAMME:
The itinerary brings you to the discovery of the Langhe, one of the most prestigious wine areas in the world. Along the “Strada del Barolo” (Barolo wine route) we will pass through little villages characterized by Castles, vineyards and small woods. We will stop in La Morra “the balcony of the Langhe” and after we will visit a historical winery together with a wine expert who will present a wine tasting of a special selection of DOC (Controlled designation of Origin) and DOCG (Controlled designation of Origin guaranteed) wines such as Nebbiolo d’Alba and Barolo. Lunch will represent a special moment, an occasion to taste the local Langhe cooking made of dishes created by old tradition and by the inspiration of creative chefs. During the afternoon we will visit the village of Barolo, heart of the great wine production. Here, you will visit the WiMu - Wine Museum, an original path in the world of wine designed by the architect François Confino. At the end of the visit, some minutes of “meditation” in front of a glass of Barolo Chinato and afterwards you will enjoy your free time among small local stores, wine shops and panoramic corners of extraordinary beauty.

Fare per person (minimum 20 people):
€ 140

Inclusive Services: Bus, licensed English speaking tour guide, visit of the winery and tasting, restaurant lunch with four-courses menu and drinks included, WiMu entrance ticket, tasting of Barolo Chinato, insurance.
Guided Visits

Saturday 14th and Sunday 15th May from 9 AM to 1:30 PM
EXPERIENCE “Cooking Class”
9.00 AM: Meeting at “Albergo dell’Agenzia” Lobby

PROGRAMME: A full morning spent in the kitchen under the supervision of experts in quality products, with traditional dishes and “Slow” recipes: a very rewarding experience. We will prepare together “ravioli del plin”, a pasta dish stuffed with “memories”, and “bunet” (pudding) with a “sweet and bitter” taste. Everybody will give his contribution with a pinch of creativity and at the end we will have lunch all together enjoying the dishes served with Barbera d’Alba DOC wine.

Fare per person (minimum 5 people): € 220
Inclusive Services: Cooking class with English speaking Chef, tasting lunch, insurance.

Sunday 15th May from 9 AM to 12 PM
The Langhe offer you a life experience you can enjoy as a protagonist, it is a unique moment not to be missed

ITINERARY 2 “Truffle Hunting”
9.00 AM: Meeting with the driver and the tour guide at the parking of the “Albergo dell’Agenzia”.

PROGRAMME: Early in the morning we will meet the “Trifolao”, the truffle seeker and his dog, a small tabuj (mongrel) which will captivate you with its cleverness and energy. We will go through the vineyards to reach hazelnut groves and small woods. We will take a walk observing first vineyards and hills and then the wild nature, still far away from man’s intervention, rich in intense smells of soil, mushroom, musk and of goudron that can be found in the most exquisite Barolo wine. With them we will search for the spring truffles, the black nero Tuber Aestivum or Tuber Borchii. After our truffle hunting we will rest with a Dolcetto d’Alba DOC wine tasting.

Fare per person (minimum 10 people): € 120
Inclusive Services: Bus, licensed English speaking tour guide, truffle hunting, tasting, insurance.
